PRACTICE SAFETY WITH **KARAT® GOGGLES & FACE SHIELDS**

Karat® Goggles and Face Shields are a great addition to your business's safety operations. Karat® Goggles will help protect your eyes from harmful particles like dust, chemical splashing, and many more. We use a PVC frame, PVC plastic, and the ultra-thin 2mm lens that will not fog up the Karat® Goggles. Karat® Face Shields are anti-fog on both sides of the lens and have a medical sponge to relieve pressure to your forehead. Face Shields are ideal for protection against liquids, dust, and other harmful particles. Each face shield is OSHA-compliant and will help adhere to standard safety regulations.
